Curt stated that the Town spends a lot of money on street lights and they are not metered. The panels and hardware are American made with a warranty for 25 years. We set the panels at a 35 degree angle and there is no maintenance. There is net metering which allows the Town to use their extra power for multiple bills. The Board thanked Crest Solar Power for coming and doing a presentation.

Supervisor Marnell made a motion to adjourn at 5:30 P.M., seconded by Councilwoman Wood; carried.

I, Patricia J. Savarie, do hereby certify the foregoing to be a true and correct transcript from the minutes now on file in my office and of the whole such original minutes.
